#504 Vishwas Dwarka Kodialbail, Mangalore Karnataka, India 575003

SUMMARY

Driven and analytical Computer Science student specializing in AI & ML with strong skills in research, data analysis, and problem-solving. Experienced in conducting in-depth research, interpreting qualitative and quantitative data, and preparing insights-driven reports. Skilled in frontend development and AI projects, bringing a unique blend of technical expertise and analytical thinking to support data-driven decision making.

EDUCATION

Bachelor's of Engineering – Computer Science (Artificial Intelligence & Machine Learning) & Engineering 2022-2026 CGPA: 8.25

Mangalore Institute of Technology & Engineering

SKILLS

Languages : C, Python, C++.

Interface : HTML, CSS.

Database : SQL.

Tools : MYSQL, Solid Edge, Adobe Photoshop, Tableau, Power BI.

Technologies : Web Development, RESTful Services.

WORK EXPERIENCE

MU SIGMA BUSINESS SOLUTIONS Pvt Ltd | Trainee Decision Scientist July 2026 – Present

Technologies: Python, SQL, Machine Learning, Artificial Intelligence, Prompt Engineering, GenAI
Gained experience in Data Analysis, GenAI, Prompt Engineering, Machine Learning and LLM

MPHASIS LIMITED | Trainee Associate Software Engineer February 2026 – May 2026

Technologies: Python, SQL, Machine Learning, Artificial Intelligence, Azure, REST APIs, Automation Tools
Built and explored AI/ML applications using Python, RAG, REST APIs, and Streamlit. Gained practical exposure to machine learning concepts, cloud technologies, and modern AI development practices.

DREXPED TECH LLP | Frontend Developer September 2024 – February 2025

Project : Voice Based Resume Builder Application

Technologies : HTML, CSS, Javascript and RESTful services.

Gained experience in Frontend Development using HTML, CSS, Javascript and MongoDB. Also, learnt about NoSQL databases and cloud servers.

PROJECTS

Deepfake Image Detection: Integrating Self-Blending and Residual Analysis | Group of 4 October 2024

Technologies : Python, OpenCV, TensorFlow, ResoNet, CNN, Google Colab.

Built a deepfake detection model using residual analysis and self-blending techniques. The project involved training convolutional neural networks to distinguish between real and fake media, with a focus on adaptability to emerging deepfake formats.

Technologies : Python, PyTorch, OpenCV, Django, ResNeXt CNN, GenConViT, TensorFlow Lite, Euler Video Magnification (EVM).

Developed a deep learning-based system for detecting AI-generated fake videos using a hybrid architecture combining **ResNeXt CNN** for spatial feature extraction and **GenConvIT** for advanced temporal and contextual representation. Integrated **Euler Video Magnification (EVM)** to analyze subtle physiological cues. Trained and evaluated on benchmark datasets (**DFDC**, **FaceForensics++**, **Celeb-DF**), achieving robust real-time performance and resilience against adversarial manipulations.

COURSES & WORKSHOPS

- **Supervised Machine Learning: Regression and Classification**, Andrew Ng, Coursera, 2025.
- **The Future of Innovation: Generative AI & Prompt Engineering**, MITE, 2025.
- **Internet of Things 101**, Infosys, 2023.
- **Programming in C Certification**, IICT, 2022.
- **Deep Learning**, Manipal Institute of Technology, 2022.

ACHIEVEMENTS & ACTIVITIES

- Presented a research paper titled “*Deepfake Video Detection Using Generative Convolutional Vision Transformer*” at the 2nd International Conference on **Information Technology and Artificial Intelligence (ITAI 2026)**, hosted by **Lasell University, Massachusetts, USA**.
- Participated in CODE CREST, a technical coding event organized by the Department of **CSE (IoT & Cyber Security with Blockchain Technology)** at MITE, 2025.
- Engaged in Mangaluru Technovanza 2024, organized by **KDEM**, exploring future of the digital economy, advancements in AI, ML, and software development.
- Engaged in **Bangalore Tech Summit 2023**, exploring advancements in AI, ML, and software development.
- Cleared **AFCAT** written exam and qualified for SSB interview (Indian Air Force Selection Board).
